

Printing Applications

Multi-Part Business Forms

- ?** Are you currently printing on pre-printed multi-part forms on impact printers from a host system?
- ?** Are you tired of having to change and align forms for the various print runs?
- ?** Have you had to throw away boxes of forms because of a change on the form?
- ?** Would you like to eliminate bursting and decollating?
- ?** Can you imagine the time and money you would save if the customer copies being mailed printed in pre-sorted order for maximum time and postal savings?

If you answered yes to one or more of these questions, Objectif Lune and your print solutions provider can tailor a solution to eliminate your concerns.

SOLUTION IMPLEMENTATION DETAILS

With no change to the host system, implement a solution replacing the noisy, dirty line printer using expensive pre-printed forms with PlanetPress and high quality PostScript® printers from your preferred print provider.

Eliminate the cost of pre-printed forms, bursting machines, decollators, waste from unused portions of multi-part forms and the human resource of sorting forms, while gaining the finishing features of the printer.

- Eliminate pre-printed multi-part forms
- Abolish bursting and decollating
- Replace impact printers with PostScript® printers with no change to the host system
- Greatly reduce time and hours spent with manual processing of mission critica documents.

- Incorporate messages on the customer copy based upon information about that customer.
- Automatically print a customized cover letter including the sales persons name, picture and signature as well as the picking slip and shipping labels – locally or remotely.
- The various parts of the multi-part forms are now printed on cut sheet paper, for elimination of bursting, decollating and sorting.
- Print departmental copies in the appropriate department, including printing the pick slip and shipping labels in the warehouse.

In the event high volumes of document printed are being mailed, realize potential huge postal savings. With the addition of the Firstlogic PrintForm solution, pre-sort and cleanse mailing addresses as well as group multiple invoices to the same customer during this automated process for savings on labor and mail costs.
